Please gather at the Zhijiang hotel lobby by 6pm. There, you will board the bus to Hefang Street where you can visit the various nearby tourist attractions listed below on your own basis.

Qinghefang Ancient Street - a section of Hefang Street located at the northern foot of Wu Shan Hill in Hangzhou. It is just several hundred meters away from the beautiful West Lake. With an area of 13 hectares, this street is the only well-preserved part of the ancient city. As a miniature of the city’s long history, it is the best place to embody the historical and cultural character of Hangzhou. Walking along Hefang Street, you can enjoy the eating, shopping and viewing of the local culture. It is otherwise known as the snack street due to the plethora of food it serves. The street clearly concentrates food from all around the country, while at the same time highlighting the local flavours; a place for street food junkies. This is evident as people eagerly dart from stall to stall, buying some eats and munching away as they seek out the next interesting thing to try.

After which, you can also pay a visit to the Wushan Square, a large open area for relaxation. Children play there, singers perform there, and the aged take a walk there. It is the first and best choice for local and foreign people alike to visit during the night in Summer.

West Lake is also not far from Wushan Square for tourists to explore. It is a freshwater lake in Hangzhou; the capital of Zhejiang province in eastern China. It is divided into five sections by three causeways. There are numerous temples, pagodas, gardens, and artificial islands within the lake. The famous West Lake covers an area of 5.6 km² and seems just like a beautiful mirror, with its gentle, shimmering ripples on the beautiful and fertile shores of the East China Sea near the mouth of Hangzhou Bay. The enchanting sight of West Lake is so famous that it attracts numerous domestic and foreign visitors in a constant year-round stream.

The return timing will be announced in the bus.
